## REBECCA VIGIL-GIRON

**Secretary of State**

February 2, 1989

Dear Friends,

It is with great pleasure that I present the Official Canvass Book of the 1988 Primary and General Elections held on June 7th and November 8th, respectively. The Primary Election was certified by the State Canvassing Board on June 28th. The General Election was certified on November 29th and 30th. The Canvassing Board consisted of the Honorable Tony Scarborough-Chief Justice of the Supreme Court, Honorable Garrey Carruthers-Governor of the State of New Mexico, Honorable Jack Stahl-Lt. Governor of the State of New Mexico, and Rebecca Vigil-Giron Secretary of State.

Additionally, we have included letters from the audit firm of Ernst and Whinney certifying our elections. Please use this information which I feel is invaluable to Elected Officials, prospective candidates, citizens of the State, and researchers compiling data on elections.

Sincerely,

Rebecca Vigil-Giron

State Canvassing Board

Santa Fe, New Mexico

At your request, we have read the State Summary of results of the Primary Election held June 7, 1988, for all statewide races, district legislative contests for the New Mexico Senate and House of Representatives, the races for district judgeships and the State Board of Education races. We have also read the related county summaries of these contests submitted to the Secretary of State by the various County Clerks.

We have applied certain procedures, as discussed below, to the State Summary of results of the Primary Election held June 7, 1988, solely to assist you in your certification of election results. The procedures were as follows:

1. We totaled the results of all races on each county summary. 51 footing errors were noted.

2. We tested 10% of county precincts if under 50 precincts or 5% of county precincts if over 50 precincts and one absentee precinct in each county by tracing printer pack information from voting machines to county summary sheets. 21 errors were noted.

3. We compared county summary sheets to the State Summary. 4 errors were noted.

The above discrepancies were corrected by the County Clerks and State Bureau of Elections personnel.

In connection with our performance of the procedures referred to above, no matters came to our attention that caused us to believe that the final State Summary should be adjusted. However, we make no representations as to the sufficiency of such procedures for your purposes.

Ernst & Whinney

November 29, 1988

State Canvassing Board
State Capitol
Santa Fe, New Mexico

At your request, we have read the State Summary of results of the General Election held November 8, 1988, for all statewide races, district legislative contests for the New Mexico Senate and House of Representatives, the races for district judgeships, district attorney and the State Board of Education races. In addition, we have read the results of the Constitutional Amendments numbers 1 through 7 and the State Bond Questions numbers 1 through 4. We have also read the related county summaries of these contests submitted to the Secretary of State by the various County Clerks.

We have applied certain procedures, as discussed below, to the State Summary of results of the General Election held November 8, 1988, solely to assist you in your certification of election results. The procedures were as follows:

1. We totaled the results of all races on each county summary. 25 footing errors were noted.

2. We tested 10% of county precincts if under 50 precincts or 5% of county precincts if over 50 precincts and one absentee precinct in each county by tracing printer pack information from voting machines to county summary sheets. 17 errors were noted.

3. We compared county summary sheets to the State Summary. 6 errors were noted.

The above discrepancies were corrected by the County Clerks and State Bureau of Elections personnel.

In connection with our performance of the procedures referred to above, no matters came to our attention that caused us to believe that the final State Summary should be adjusted. However, we make no representations as to the sufficiency of such procedures for your purposes.
